

## VACANCY

### SC Cleared Design Technician

#### The Role:

We are currently looking for a Design Technician to join our busy team. You will work along side the design team in creating detailed technical drawings for use in all stages of our projects – tender, manufacture, construction and installation. You will attend design meetings to understand project requirements and make modifications where required.

#### What you will need:

- Create accurate, detailed Architectural and Construction drawings using various CAD software programmes.
- Present working drawings for use in all stages of the project, tender, manufacture/construction and delivery.
- Liaise with Architects, engineers and designers to understand their design requirements and provide technical advice to manufacturing and construction technicians.
- Conduct site visits and surveys as and when required.
- Ensure drawings are compliant with industry standards and regulations.
- Maintain accurate records.
- Provide project support functions to the Operations team and Project Managers.
- Adherence to Company operating systems and Health and Safety policies and procedures.
- Carry out duties as directed by Senior Management.
- Basic knowledge of design principles and ability to create and read technical drawings using 2D CAD as a minimum.
- Good written and verbal communication and the confidence to interact effectively with a wide range of people.
- Good time management skills and the ability to prioritise work.
- Highly motivated and able to work under pressure to meet deadlines.
- Good team worker but also able to work using own initiative.
- 3 years design experience preferred

#### In return:

We are offering the opportunity to work on exciting infrastructure projects in fast-paced, highly sensitive environments. We offer a competitive salary and 28 days annual leave per annum. Core office hours are Monday to Friday, 8.30am to 5pm however we are able to consider part-time hours. Working times and salary expectations will be discussed in more depth at interview.

#### Job Type:

- Full-time, Permanent

#### Benefits:

- Company Pension, Additional Leave, On-Site Parking
